Re-defining Education  
Section 8, Not-For-Profit Company

"Education is the most powerful weapon  
which you can use to change the world."

Nelson Mandela

**Inequality needs to be addressed through education**

**In higher education, India's enrolment rate stands at 23%. Its 87% in US, 57% in UK and 39% in China.**

## OUR VISION

Endeavour to create an ideal healthy human society, a just and equal world subjugated to laws of Nature through a knowledge acquisition system which seeks to inculcate in individuals right from Childhood qualities of Humility, Submission, Equality, Service, Self-sacrifice, Justice, Charity, Compassion, Composure and courage besides skills to make a living where materialism is not the goal but a means and fear and greed are abhorred.

## OUR MISSION

Re-define success as pursuit of happiness as individual responsibility by transporting self to positive state of mind, being pro-active, not reactive in actions and doing small things in a great way instead of mindless competition while adhering to the core value system which has to be imbibed in Children's personality at early age through parental care and awareness.

**GGS**  
FOUNDATION

## Activities Carried Out

GGS Foundation is Training Partner of AASSC-Aero Space and Aviation Sector Skill Council, Bangalore (TP009989). To enhance employability, Classes/Sessions for Soft Skills/Aviation Jobs are held being in our well established and fully furnished Premises in Bangalore. Seminars/Career counselling sessions are regularly held in different Schools and Colleges. Free note books are distributed to poor Students in Government Schools. Sponsored education of unprivileged.

### Resource Mobilisation: An appeal to participate for a noble cause

'No one has ever become poor by giving" Anne Frank

Alleviation of inequality and poverty demands honest redistribution of resources-access to education, land and wealth. Quality education leads to social mobility of have nots-where the mind is without fear and the head is held high. GGS Foundation is devoted to educate unprivileged Children by sponsoring, granting scholarships and work with Government Schools to improve academic standards. It's a gigantic task which requires raising huge CSR funds and participation of individuals as volunteers for donation of time and/or money because every child needs monitoring and guidance till getting employed.

"Fundraising is the gentle art of teaching the joy of giving" Henry Rosso

### Creation of team of volunteers to deliver - Educate to change life

We encourage and appeal to each individual income tax payer to identify at least two unprivileged students for financial or non-financial assistance to educate or to improve academic achievement, prevent exploitation and monitor/guide till employment. GGS Foundation acts as a facilitator and sponsor if concerned individual can devote time but not money. Tax payers benefit from 80G exemption for routing payments to students through GGS Foundation.

Lets aspire to be change agents to bring Children in mainstream education specially where Children had their education disrupted. Missing out on education can have far reaching effects, effectively compromising future prospects.

## THE PROMOTER

Principal promoter, Mr Satinder Singh is London based NRI having over 41 years of experience in Banking and financial services in India and UK. He is a postgraduate-M.Sc. from Delhi University, L.Lb. and Ex-Banker (Vice President) and a firm believer in changing lives and addressing inequality through education. 'Educate a person to change life' is his article of faith. He has sponsored education of many poor Students in last decade. The NGO is committed to be a catalyst to bring positive changes in lives through acquisition of treasure of knowledge.

Mr Singh is a passionate motivational speaker capable of igniting life in people, enhance personality, presentability, inspire and transform people. He firmly believes that people can be inspired and trained to adopt life transforming positive attitude, enrich life and achieve success/happiness. Guiding light of GGS Foundation is the vision statement.

**GGS**  
FOUNDATION

## OBJECTIVES

### Ignite Yearning For Learning

**Deliver formal/informal Education, Skill Enhancement, Vocational Training for Livelihood, promote Self-employment.**

## HOW

**A :** Sponsoring education of UNPRIVILEGED : 100% fee Scholarships by direct payment to Schools/Colleges.

**B :** Sponsor/Support Government/needful Schools to achieve academic excellence, set up, run, manage, take over, organize, undertake, build, Schools, Colleges, institution, or organizations to provide education, technical knowhow and training human resources to enhance quality in any field.

**C :** Create awareness of impact of thoughts on health and happiness and knowledge in life through lectures, seminars, classes, events, conferences. Also through programmes like Parental Care and Life Style Management- Help individuals understand inner strengths, thought processes and value system in life. Its an intervention for any age group, designed to promote positive lifestyle and behavioural change to improve intellectual, interpersonal and social wellness leading to happiness, more satisfying improved quality of precious life.

**D :** CPD- Continuous Professional Development of Teachers to become Educational Therapists. It goes beyond academic skill building. The goal is to restructure how students think and process information, and provide them with the necessary tools and strategies in order to become confident, independent and successful learners.

**E :** Soft Skills Training : There may be lot of argument as to whether it is possible to enhance soft skills in a training, especially when one considers the fact that a person has lived with those traits all his life. Answer is harsh but real - a person who wants to be happy in life and do well in career, does not really have a choice.
